

Position:

Data Analyst

**Get to Know Us:**

Rudy's Performance Parts was founded in 2008 and we pride ourselves in being the industry leader in automotive performance parts and accessories. Here at Rudy's, we are well known for offering the absolute best customer service and product variety in the automotive world. We treat all of our employees like family and offer a casual work environment that not only encourages your best, but also rewards it with endless room to grow.

- Are you looking for a change?
- Are you looking for a career?
- Are you a problem solver?
- Are you a critical thinker?
- Do you want to be recognized for your hard work?
- Do you want the opportunity to truly love coming to work every day?

If you answered "yes" to any of the questions above, then Rudy's is the place for you!

What You'll Be Doing:

- Collaborate with team members to collect and analyze data
- Develop, implement, and maintain a database with reports acquired from all data sources
- Work with management to prioritize business and information needs
- Locate and define new process improvement opportunities
- Establish KPIs to measure the effectiveness of business decisions

What We're Looking For:

- 3+ years of data analyst experience
- Excellent computer skills
- Strong analytical skills with the ability to collect, organize, analyze, and disseminate significant amounts of information with attention to detail and accuracy
- Strong prioritization and time management skills
- Business acumen with superior communication skills
- Commitment, accountability, and great attitude

Benefits:

- Casual work environment
- Competitive salary with annual pay raises and annual bonuses based on performance
- Paid vacation, sick, holidays
- Medical, dental, vision insurance options
- 401(k) retirement plan with 4% company match
